Adagio Trimmer

Quiet, cordless trimmer for the part-clip with adjustable blades

Lightweight and quiet, the Adagio offers unparalleled cutting performance for an easy, professional trim. With an automatic speed control and adjustable blades, the Adagio allows you to effortlessly alter the depth of trim for a seamless and neat transition between the areas being trimmed with consistent power.

- Up to 100 minutes run time from a single 150 minute quick-charge
- Precision ground full metal blade set with integrated cutting length adjustment from 0.7mm - 3.0mm
- Quick blade change system allowing for easy cleaning and maintenance
- Minimal vibration and automatic speed control for consistent power regardless of battery charge or coat
- Smart LED battery status and charge indicator
- Option to use with or without cord
