Allegra Trimmer

Lightweight and hardwearing cordless trimmer for the part-clip

The Allegra is an essential part of any professional grooming kit. Extremely quiet, it features a precision-ground metal blade set for accurate, detailed trimming. Light duty yet hardwearing, the Allegra is easy to clean and simple to use, making it ideal for first time trimmers.

- Up to 75 minutes run time from a single 180 minute quick-charge
- Close cut with a fixed 7.0mm blade
- Secure rubber grips for a comfortable and controlled trim
- Quick-change, precision ground full metal blade set for an easy clean and precise trim
- Option to use with or without cord
