# Libretto Lithium

Versatile and powerful trimmer for the part-clip

The Libretto Lithium is a powerful, durable trimmer ideal for continuous trimming. Designed for versatility, the Libretto Lithium is available in a range of packs with varying power supply options ensuring a superior trim no matter what the location.

- Available in a variety of packs with varying power supply options for maximum versatility
- Fast charging and up to 6 hours of continuous clipping time with the Lithium battery
- Powerful motor, low vibrations and outstanding noise absorption for a quiet, controlled trim
- Interchangeable blades allowing for a range of cutting widths and lengths for multiple applications
- Quick-change, snap-on blade system for easy cleaning and efficient maintenance
- Helpful LED display on Lithium battery to indicate the level of charge
