Libretto Max Trimmer

A quiet and powerful trimmer for the part-clip

The Libretto Max offers three power supply options, giving you the freedom to select a trimmer which perfectly complements your trimming demands and environment. This trimmer is also lightweight and compact for comfort and designed for continuous trimming.

- Available in different packs providing multiple power supply options; with mains supply, battery or vehicle battery leads
- Snap on blades for easy cleaning and a quick blade change
- No air filters for simple maintenance
- Allows for different blade widths for trimming versatility
- 4.5 hours trimming time from Powerpack
- Outstanding noise absorption technology
- Designed and manufactured in Europe
