Supershear Viper

A triple bearing shearing handpiece

The Supershear Viper is a triple-bearing handpiece with a slimline handle. Perfectly weighted for professional and competitive shearing, it provides a smooth cut in all conditions.

- Triple bearing design with slim-line barrel for ergonomic handling and grip
- Stylish design with unique flock colour and slick back body finish
- Thermoplastic urethane back joint guard helps prevent uncomfortable rubbing
- New back joint seal for a tight dust and dirt barrier improving the life of moving parts
